My clothes

Look! I've got a message from a boy in Switzerland. He's got one of my balloon labels.

Hi Jess, My name's Nico. I live in **Switzerland** and I found your balloon label near my house in the mountains. How amazina!

The question you asked was: What's your favourite item of **clothing?** That's an easy question for me. It's my ski jacket because I'm mad about skiing. Here are some photos of the clothes my friends and family love wearing.

- 1 What are the children doing?
- 2 What are they wearing?
- 3 Which clothes do you like the best?
- Thinking skills Copy the chart. Complete it with the clothes you know.

Look and match. Listen, check and repeat.

Objectives

In this unit, I will ...

- ➤ learn the names of different clothes.
- > talk about routines and about actions that are happening at the moment.
- ➤ learn about Switzerland and a Swiss inventor.
- describe clothes using too and not enough.
- > read and write a magazine article about some amazing clothes.
- ➤ have a conversation about your favourite item of clothing.
- ➤ learn how to develop ideas.

5 Thinking Read the rest of Nico's message. Choose T-shirts for Heidi and Jan.

Do you like shopping for clothes? I want to buy T-shirts for two of my friends, but I can only spend 15 euros in total.

Can you help me choose one for Heidi and one for Jan? Here are photos of six cool T-shirts.

Heidi loves fashion. She often wears smart clothes at the weekend, but she usually wears casual clothes for school. She never wears dark colours like brown or black because she says they're boring. Her favourite colours are yellow and red.

Jan isn't very interested in fashion and he never wears bright colours like yellow or orange. He loves hip-hop music and skateboarding, and his clothes are always big and comfortable. He usually wears shorts or trousers that are a bit too big for him. He often wears cool T-shirts with graffiti on them, too.

6 Communicate Ask and answer about clothes.

What do you usually wear at the weekend?

I usually wear ...

What's your favourite item of clothing? What does it look like?

· Do you think astronauts use Velcro in space? How?

Nico's ski gloves have got a really cool material called Velcro. He sent me some information about the inventor of Velcro.

Listen and read.

A brilliant idea

This story begins in Switzerland in 1948. George de Mestral, an engineer, takes his dog for a walk. He's wearing woollen trousers and a woollen jacket.

George walks through a forest with his dog. There are lots of wild plants and flowers.

After the walk, George notices that there are seeds on his woollen clothes and on the dog's fur. Oh dear! These seeds are very difficult to take off.

He's very curious about the seeds, so he looks at them under a microscope. How interesting! They've got lots of tiny hooks.

George invents a material that has got the same tiny hooks as the seeds. The material can stick together, but people think it's a silly idea

George works on his invention for ten more years. He uses nylon, which is strong and light. He calls the new invention Velcro. What a brilliant

Now people all over the world use Velcro. You can find it on all kinds of clothes and shoes.

Did you know that astronauts have got a piece of Velcro inside their helmets so they can scratch their noses?

After you read

Go to page 8 in your Activity Book.

Values

- How long did it take George to invent Velcro?
- Do you think he got tired of his work?
- Which things take you a long time to do?

Listen and read. Act out.

Tom: That story about Velcro was really interesting.

Are you wearing any Velcro, Jess?

Jess: Yes, I am. I've got some on my watch strap. Tom: But your strap is too big. Your watch will fall off.

Jess: Don't worry. I can make the strap smaller.

Tom: Be careful! The strap isn't big enough now.

Jess: Ow! You're right.

Tom: Can you change it again? Jess: Yes, of course. It's perfect now.

The material of the future

You know that wool comes from sheep and cotton comes from plants. But did you know that some materials come from the bottom of the sea? The hagfish is a small, long fish that lives on the sea floor. When another animal attacks it, it produces lots of **sticky** slime. This slime is clear, strong and very **stretchy**. It's also smooth and light when it's dry. Scientists in Canada think that we can use this slime to make strong, soft clothes in the future. They say that the material is natural and good for the environment, too. Are you ready to wear a T-shirt made from hagfish slime?

Goodbye, washing machines!

Every week, we need to wash our clothes with soap and water to get them clean. It takes a long time and the soap can sometimes harm the environment. Scientists in China have got an incredible solution: clothes that clean themselves. These clothes have got a special **chemical** on them. When the clothes are dirty, you put them in the sunlight and the chemical removes the stains. The chemical also removes bad smells. Will smelly socks be a thing of the past?

Where are you?

Would you like to disappear when it's time to tidy your room or wash the dishes? What you need is an invisibility **cloak**. Scientists around the world are working hard to create a special material that **bends** light around an object. When you wear this material, people can't see you. They see what's behind you. This amazing material is perfect for hiding things and people, too. Will you have an invisibility cloak in your wardrobe in the future?

After you read

Text type: a magazine article

Investigate a text

Read the information. Think of three questions.

It's a good idea to ask yourself questions about the topic before you read and write.

You're going to read about a spy jacket. What questions do you want to ask?

Read the magazine article. Does it answer your questions?

title

The perfect spy jacket

question

Would you like to be a spy? If the answer is yes, then you'll love this amazing spy jacket. It looks like a normal jacket, but it's got pockets for all your equipment. There's a pocket for your mobile phone and your radio. There are also pockets for a notebook, maps, sunglasses and a camera. The pockets have got special zips so they can open and close silently. The jacket is light. It's waterproof, too.

description

opinions

The most exciting thing about the spy jacket is that the sleeves are attached with magnets. You can take the sleeves off and turn the jacket into a waistcoat in seconds. This is perfect when you need to change your appearance quickly!

Would you wear this spy jacket? Let us know what you think: opinions@kidsmag.com

Discuss a text

3 Read the article again. Answer the questions.

- 1 What's the title of the article? Is it a good title?
 - 3 What do we learn about the jacket?
- 2 What question does the writer ask? Why?
- 4 Does the writer like the jacket?

Writing skills: Adding new information

- When we want to add new information, we can use the linkers and, also and too.
- We usually write and in the middle of a sentence:
 There's a pocket for your mobile phone and your radio.
- We write too at the end of a sentence: It's waterproof, too.
- We write **also** before the main verb in a sentence, but we write it after the verb to be: There are **also** pockets for a notebook, maps, sunglasses and a camera.
- 4 Look at the two articles again. Find examples of the linkers and, also and too.
 - Plan and write a magazine article on page 12 in your Activity Book.

Lesson 8 Speaking and Self-evaluation

Describe the clothes. What kind of clothes do you think Julia likes?

Listen to the conversation. What's Julia's favourite item of clothing? Why?

Listen again. Complete four questions that Anna asks.

What ... like? When ...? • Where ...?

Prepare a conversation about your favourite item of clothing on page 13 in your Activity Book.

Remember to show interest when you listen to your partner.

Really? Is that right? Oh? No way!

Go to the Song Bank, page 125.

Hi, Nico. Thanks for all your messages. I'm really happy to have a new friend in Switzerland and I've learnt a lot.

No problem, Jess. Let's speak soon!

I can talk about my routines and what I'm doing now.

I can read and write a magazine article.

I can find Switzerland on a map and talk about a Swiss inventor.

I can have a conversation about my favourite item of clothing.
