and rea	MP3 player is my favourite possession. It was a Christmas present from my parents last year. I use it every day dyesterday I downloaded some songs and some music videos onto it. I always listen to it while I'm walking or ading in my room. Yesterday, while I was travelling to school on the bus, I dropped it on the floor! I was really brried because I thought it was broken, but it wasn't. It was OK. I was very lucky!
