Hope you had a good weekend. I saw *Men in Black: International* – that sci-fi film you recommended. In my opinion, it was such a funny and exciting movie! All the actors were great, but Tessa Thompson and Chris Hemsworth in the lead roles were really amazing.

Hi Lucy,

Sam

The new *Spider-Man* film is set in Europe because Peter Parker is on holiday after the war with Thanos. He wants to rest, but he needs to save the world one more time. Hope you can come!

I know that you are also an Avengers fan like me, so would you like to see *Spider-Man: Far from Home* with me? It comes out next Friday. Shall we meet at 5:30, after school?
