Teacher's tip: Being active

It's important to encourage young children to enjoy doing exercise. Once the children are familiar with the new vocabulary, ask them which activities they do regularly. Set up a wall chart to record the different types of exercise the children do.

Circle time

Hello song and puppet (CD1 Track 2; see TB p 17 & 21)

Opening routines (see TB p 16)

Recycling activity (see TB p 19)

Lesson aims (see TB p 18)

Introduce content vocabulary.

- Use the printable flashcards and the puppet to introduce the new activities (dance, play football, swim, ride my bike, run, walk). Children repeat the words.
- Say the words and demonstrate miming the activities. Repeat several times. Reverse the procedure, mime the activities yourself and children say the words.
- Explain that all these activities give us exercise and are good for us.

Sort the flashcards.

- Lay out all the school activity flashcards. Children identify the activities.
- Ask children to help you sort the activities into two sets: activities which give you exercise e.g. *run*, *dance* and activities which don't give you exercise e.g. *paint*.
- Collect up the seven flashcards that give you exercise and challenge children to recall them. Prompt with mime as necessary.

Game: Freeze!

- Children stand up. Name an activity which gives you exercise. Children mime or do the activity on the spot. Say *Freeze!* Children stay as still as they can and name the activity.
- Repeat with different activities.

Listen and point. Match the activities to Auntie Vicky, Alex and Lucy.

- Say *Alex and Lucy are talking to Auntie Vicky about what they do to get exercise.*
- Play the audio. Children listen and match the characters and activities with their fingers.

CD1 Track 32

Auntie Vicky: When you run, you get exercise.

Exercise is good for you. What exercise do you do, Lucy?

Lucy: Umm. I dance. I play football. Oh, yes, and I walk to school.

Auntie Vicky: What exercise do you do, Alex?

Alex: I swim. Umm. I ride my bike. And I walk to school too.

Auntie Vicky: Great!

Lucy: And what exercise do you do, Auntie Vicky?

Auntie Vicky: Well, I run. I swim. And I ride my bike too.

Lucy: I like exercise!

Alex: Me too!

- Play the audio again. Children listen and draw a line to match the characters and activities. Use the pause button as necessary.
- Play the audio again and check the answers. (Lucy: dance, play football, walk. Alex: swim, ride my bike, walk. Auntie Vicky: run, swim, ride my bike)

Circle the pictures to show exercise you do.

- Children circle the activities they do to get exercise.

Project

School

Choose and colour your favourite school activity. Stick your picture on the chart. Ask and say. **Language:** dance, paint, play, sing; colours; numbers; chart, fantastic, great, picture; What do you do at school? I (dance) at school. How many people (dance)? (Four). Do you want to (paint)? Yes, I do. / No, I don't. I want to (play). Our chart is (fantastic).

Learning objectives

- Work together to do a collaborative project
- Draw a picture of your favourite school activity
- Ask and answer questions about the project

Materials

- Class CDs, Mimi puppet, photocopiable templates, coloured card, pencils, crayons, glue

Main vocabulary

- dance, paint, play, sing; colours; numbers; chart, fantastic, great, picture

Key language

- What do you do at school? I (dance) at school. How many people (dance)? (Four). Do you want to (paint)? Yes, I do. / No, I don't. I want to (play). Our chart is (fantastic).

Teacher's tip: Using a 'quiet' signal

Before starting to give the instructions for the project, make sure you have everyone's full attention. Using a 'quiet signal' is very effective. You can ring a small bell to signal children should stop what they are doing and listen to you, or you can simply raise your hand or count down from five. Wait until everyone is quiet and looking at you before beginning to give the instructions.

Prepare for your project

- Say *Let's do a project and make a chart of our favourite school activities!*
- Explain the colour code for the chart by sticking the flashcards of *paint / red; sing / green; play / blue; dance / yellow*; in pairs on the board.
- Show children the activity template. Explain that children should choose their favourite school activity from the selection of templates and colour it, then stick it on a piece of card following the code on the board.
- Explain and demonstrate that children will then use their pictures to make a chart of their favourite activities.

Table time

Pupil's Book p 16

Choose and colour your favourite school activity.

- Say e.g. *We're going to make our activity chart like this. Look at what we need for our project: paper (or card) for our pictures, a pencil, crayons, glue.* Children listen and point to the pictures.
- Give a copy of the project template to each child. Make sure children have pencils, crayons or paints available.
- Children colour their favourite school activity, then stick it on a piece of card following the flashcard colour key on the board.

Stick your picture on the chart.

- When they are ready, invite children to come and stick their pictures on to the bar chart you have prepared.

Ask and say.

- Explain how the chart works to show how many children like each activity. Talk about the pictures and chart using language of the unit and other language children know.
- Ask children *Do you like our activity chart?* Make the point that everyone has helped to make the activity chart and that they couldn't have made such a beautiful chart on their own.

Alternative version of project

- The children could use finger paints instead of crayons to paint their activity template.
