

## Unit 2 &gt;&gt;&gt; Digital footprints

- 1 Complete this survey for you. Then walk around the class and find two students with different answers from yours.**

	Me	Student 1	Student 2
1 How often have you used your mobile phone today?			
2 What apps have you used with personal information this week?			
3 Where have you travelled to recently using public transport?			
4 How many places with CCTV cameras have you been to this month?			
5 Who in your family uses bank cards to pay for things?			

- 2 a Work in pairs. Watch the video without sound up to 01:14. What do the words and dates you see on the screen refer to? Discuss what you know.**

- b Watch the video all the way through. Number the activities in the order they appear. Which questions do they refer to in Exercise 1?**

- ☐ A CCTV camera filming .....  
☐ A person travelling on a train .....  
☐ Using a credit card .....  
☐ Face recognition software .....  
☐ People in the street talking with mobile phones .....

- c Work in pairs, Talk about how you think the people in the different scenes of the video might be feeling. Do they know they are being watched? Would they care?**

- 3 a Work in pairs. Watch the first part of the video again from 00:01 to 01:14, this time with sound. Write a positive voice-over to replace the existing one. Include the present perfect simple and present perfect continuous in your script.**

.....

.....

.....

.....

.....

- b Prepare a presentation using your voice-over, or record your voice-over. Give your presentation or play the voice-over for the class.**
