

Unit 2 >>> Organise your things

- A** Dorian is always late. His room is normally in a mess. He can't find his school books, his music or his gadgets. He often takes the wrong school books to school. Help him organise himself. This is his room. These are the things he needs every day: trainers, cap, school bag, school timetable, keys, school books, T-shirts, music, laptop, comics.

- B** Nancy has got a new bag because she always loses her school things. Help her organise her bag. She never puts her mobile phone in a safe place and she often loses money. She doesn't want to lose her diary because it has got all her secrets. These are the things she needs in her bag: mobile phone, purse, keys, school books, exercise books, pens and pencils, tablet, drawing things, money, bus pass, school timetable, diary.

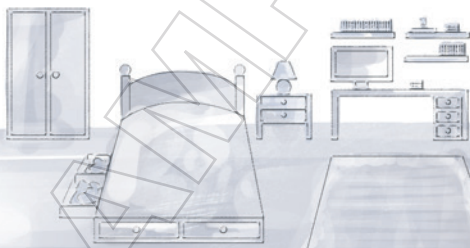

- C** Your friend Serge loves clothes but his wardrobe is always in a big mess. His mum and dad buy a new one. Help organise it. He wants to find some things quickly. These are the things: coats, trousers, shoes, jackets, tracksuits and trainers, hats, scarves, gloves, socks, underwear, school uniform, books, old letters.

**REFLECTION POINT**

If you organise your things it's easy to find them. You also make space for new things. But it's important to find a way to organise things that works for you.
